

## How to find Thamesdown

...from the motorways

From the M5:

At Junction 11a of the M5 take the A417 towards Cirencester and Swindon. A dual carriageway and then dual uphill lanes, will lead to the top of Birdlip Hill where you will take the 2nd exit A417 marked Cirencester and Swindon. Follow the A417 over a roundabout and onto a dual carriageway. Continue on along the dual carriageway (the A417 becomes the A419 south of Cirencester) passing Cirencester and Cricklade. Having passed the junction for Cricklade, turn right across the dual carriageway after approximately 0.8 miles and into the entrance of Thamesdown Recycling, Kingshill Recycling Centre.

Visitor parking is to the right before the gatehouse and once parked, please approach the gatehouse. Deliveries and collection vehicles should stop short of the security gate and report to the gatehouse for further instruction.

### *Important information for Sat Nav users*

Our postcode is not sufficiently accurate, so we recommend that when travelling from the M5 you follow the final instructions above having passed Cirencester.

From the M4:

At Junction 15 of the M4 take the A419 towards Swindon, Cricklade, Cirencester and Gloucester. Remain on the dual carriageway for the remainder of the journey. Having passed Swindon on your left and a junction for Swindon North, Blunsdon St Andrew and Broad Blunsdon, you will drive down a steep hill – Blunsdon Hill and pass a junction on the right to Castle Eaton. Thamesdown Recycling, Kingshill Recycling Centre is a further 0.2 miles on the left.

Visitor parking is to the right before the gatehouse and once parked, please approach the gatehouse. Deliveries and collection vehicles should stop short of the security gate and report to the gatehouse for further instruction.

### *Important information for Sat Nav users*

Our postcode is not sufficiently accurate, so we recommend that when travelling from the M4 you follow the final instructions above having descended Blunsdon Hill.
